

GARDEN FURNITURE

Intelligent garden solutions

2

Roto Group is an international company specialized in the production of plastic products. The roots of the family-run business go back to 1949. ROTO employs more than 550 people in 8 factories located in different European countries. Roto generated revenues of €82 million in 2021, selling products in 65 countries around the world.

Roto is European leading rotomoulding company, producing more than 4,000 different products. The company's development is ensured by continuous innovation, new technologies and materials that ROTO develops together with scientific institutes, universities and other companies.

The Roto-branded product groups are divided into four segments: products for agriculture, garden, sport and ecology. The use of composites and biodegradable and recycled polymers enables the production of the most complex products on the market.

EY
EY world family award

Roto also manufactures a wide range of components products for various industries such as automotive, marine, construction and agricultural machinery, aquaculture and logistics. Added value innovative design, the use of intelligent polymers and composites, upgrade of products with accessories.
